

**Single Sign-On technology allows teachers and students
access to everything they need with just one login!**

Dear Parents/Guardians,

We are pleased to share that we have adopted ClassLink, a single sign-on platform that will allow teachers and students to use one username and password to access everything they need.

Navigate to www.classlink.com to discover how ClassLink provides faster, easier access to the digital education resources your child needs to be successful.

Here is how to help your student get started:

1. Go to this website: <https://launchpad.classlink.com/renacademy>
2. K-3 Students can log in using a Quick Card (unique QR code).

4th-9th Students will log in using Google.

Once you log in, you will see your student's LaunchPad homepage, a one-stop shop for all of their online resources. We will continue to add applications throughout the school year. Students and teachers will be able to access the different ClassLink applications both in the classroom and at home.

Here's how to learn more about using ClassLink:

Discover how to navigate ClassLink products via the Help Center: [ClassLink Help Center](#)

Download ClassLink training materials and reference guides: [Training Materials](#)

ClassLink is a secure way for students to connect to their applications and files. As part of our commitment to student data privacy, our software does not collect or share any personal student information. Best of all, its ease of use makes it a great resource for both teachers and students, alike!

If you have questions, please contact your school's support team or visit <https://help.classlink.com/s/>
