## Looking Forward to Next Year...

Did you know that the Fall Carnival and Silent Auction are the two biggest contributors to fundraised funds for our school?

The funds raised at these two events allow for all the other events, committees, and activities throughout the year to happen!

It is a big undertaking to make this a fun and successful event for all our RA families and it starts many months in advance.

DID YOU KNOW?

If you like being able to volunteer from home, LOVE fundraising for a good cause, enjoy the flexibility of either working with others or more individually, and want to have fun working on the biggest fundraising event of the school year, make sure to [follow this link](#) and select Carnival and/or Silent Auction. We can't wait to have you be a part of this awesome committee!
