A New Year - 2015

In the coming new year our goal is to increase the energy and vigor of our much needed volunteers. Before we tell you a little bit about our plan, we have three questions for your consideration:

1. Why do you send your child to Renaissance Academy?
2. What are your goals for your child?
3. How can you contribute to the process of accomplishing these goals?
The “Why” of Volunteering and Service at Renaissance:

Three Reasons to Get Involved

1. Your kid gets a boost

Research indicates children perform better when parents connect in positive ways to their school. Studies show that having involved parents boosts student grades, increases student participation and decreases challenging behavior.

2. Your time matters

The time you spend volunteering has potential monetary value and benefit to our school. Tracking volunteer hours proves extremely valuable to the school as we apply for grants and demonstrate our commitment to the school’s programs.

3. Your abilities can be paired with student needs

Each volunteer has something to offer our school and students. Our new volunteer database and tracking system allows you to match your skills and interests to areas of need. Not only will it alert you to the many opportunities for service throughout the school, it will also track the number of hours you contribute (don’t worry that the counter starts at zero).

What Now? - Helpcounter.net

At www.helpcounter.net/volunteering parents and other volunteers can view a calendar and list of potential volunteer opportunities within our school. On the helpcounter.net website, and in future editions of the RAPP, there will be postings for needed help. Please take a look to find what suits your situation and where you can contribute to our school.

We invite you to get involved, continue to contribute to our school and your child’s education and to count your volunteer hours. Your hard work and effort to make our school a success is most appreciated.

Just think… If every family gave 40 hours a year in voluntary service to the school, that would add up to 16,000 hours! What we could accomplish in this time! So much would get done to enhance your child’s experience at Renaissance.
